

**AMENDMENTS TO THE SPECIFICATION**

**Please delete the present Abstract of the Disclosure.**

**Please add the following new Abstract of the Disclosure:**

A fluid dispenser assembly having a fluid dispenser (1) and a wrapper (2) at least partly encasing the dispenser. The wrapper defines at least one application zone (21, 26) that comes into contact with the dispenser. The dispenser includes a body (10) forming at least one substantially cylindrical segment that defines an affixing zone for coming into contact with the application zone of the wrapper.
